2018 Lego Design Challenge: Everson Architecture

In partnership with CNY American Institute of Architects, the Everson is pleased to host the 2018 Lego Challenge celebrating the 50th anniversary of the Everson's I.M. Pei designed building. Use Legos to re-create, or re-envision the interior, or exterior of the Everson, or build a new addition of the Museum. Use your imagination to explore the possibilities of what the Everson can be! Winners will be selected based on originality, vision, difficulty of execution, and quality of display. Finalists will be displayed on the Everson Community Plaza during Arts Week on 7/27 through 7/29.

Pre-registration is required. Please contact Qiana Williams, qwilliams@everson.org or 315-474-6064 x323.
