

# EVERERSON CERAMICS SOCIAL '26

June 4, 2026

The Ceramics Social, the Everson Museum of Art's signature fundraising event, is inspired by our café, Louise. This special evening is a celebration of ceramics, the Everson, and the arts in Central New York, offering an exciting and unique experience for all who attend.

## Program Advertising

The Everson Museum of Art takes pride in partnering with local businesses and organizations to celebrate and promote the excellent services, goods, experiences, and entertainment that our community has to offer. Align your brand with the area's most notable contributors to arts and culture by advertising in the 2026 Everson Ceramics Social Program.

Advertising is a great way to demonstrate your support for the Everson and the evening's honorees. Your ad will be viewed by hundreds of guests—Everson donors, members, local business owners, and dedicated supporters of arts and culture in the Central New York region.

Additional marketing opportunities through event sponsorships are available.
